ADVANCING
LEARNING

Dear Educators,

Year 2023 will be a year of hope, as we all gear up to implement the vision of *National Education Policy 2020*. Together, we will develop an inclusive and equitable education system in India, through innovative resources and teaching methods on a foundation of Indian culture and heritage.

With the opening of schools, Macmillan Education is providing educators with both print and digital resources to continue with quality teaching. We are offering curriculum apps, language platforms and assessment solutions – all designed to provide a smooth teaching-learning experience. Our blended learning solution, **Altura-Advancing Learning and Teaching Using Resources and Assessments** saw resounding success in 2022. **Altura** was declared the Best Classroom Tech solution at the World Education Awards, EDTech X Indian Education Awards 2021.

For all our print resources, we are happy to confirm alignment with the NCF mandate 2022 in terms of focus on 21st century skill development, conceptual understanding, use of technology and Indian ethos. Our early childhood bestselling series **Hop Skip and Jump** has been enhanced to focus on Foundational Literacy and Numeracy as per mandate in **National Initiative for Proficiency in Reading with Understanding and Numeracy (NIPUN Bharat Mission)** which was launched by the Education Ministry of India under National Education Policy 2020.

We look forward to providing learners and their teachers with resources and support they need, for a successful academic year.

Rajesh Pasari
Managing Director

Upskill yourself with NEP 2020-aligned professional development courses

The National Education Policy (NEP) 2020 brings a fresh outlook on teaching-learning through emphasis on experiential learning, art integration and learner centricity.

To develop a capable cadre of teachers ready to adapt to new learner centric methodologies, Macmillan Education offers interactive online courses aligned to NEP 2020. These courses are designed to equip teachers to improve students' understanding of concepts and can be a part of the 50 hours of professional development for teachers, mentioned in NEP 2020.

CERTIFIED COURSES

Critical Thinking in the Classroom

This self-paced course introduces the concept of critical thinking and how to infuse it in the classroom. Educators will be introduced to a teaching methodology that is designed to help them take any concept to the classroom by leveraging the power of critical thinking.

This two weeks course tries to give you an insight into the following concepts,

- What is Critical Thinking
- The origin of Critical Thinking
- Skills needed for Critical Thinking
- Integrating Lesson plans with a Critical Thinking approach
- Techniques to develop a critical thinking environment

Ms. Aparna Athreya

Subject Expert
STEM Educator and Trainer

Art Integrated Learning

This self-paced course will help you understand the concept and application of Art Integration in Learning and how you can adopt this in your classroom in line with National Education Policy 2020.

- Understanding Art Integrated Learning (AIL)
- Principles of AIL
- Suggested AIL Activities
- Applications of AIL Approach
- Exemplar Lesson Plans

Dr. Anil Srinivasan

Subject Expert
Pianist/Founder of Rhapsody

Implementing Experiential Learning in Classroom

Implementing Experiential Learning in Classroom. This self-paced course will help you to expand your understanding of what is experiential learning, its importance, and its application of it in your school and classroom to help students achieve better learning outcomes.

- Understanding Experiential Learning
- Kolb's Learning Cycle
- Techniques for Experiential Learning
- Promoting Experiential Learning in Schools
- Experiential Learning Activities

Dr. Vasanthi Thiagarajan

Subject Expert
Principal, Sishya School, Bangalore

Impactor-Essentials of School Leadership

A 10-hour long self-paced course with both synchronous and asynchronous modes. The objective of this course is to sensitize you to the nuances of leadership and management.

This course consists of eight recorded asynchronous sessions, which will give you some theory and push you to some practice through a set of carefully designed case studies. Get insights on:

- The symbiotic relationship between the school and society
- Nuances of leadership and management
- Fundamentals of self management
- Subtleties of organizational and academic leadership

- ✓ **For Teachers only:** **Lesson plans**, **answer keys** and an easy-to-use **Test Generator** available exclusively.

Talk About Texts

FOUNDATION-YEAR 3

Talk About Texts integrates the teaching of reading, vocabulary and oral language into one rich and effective reading programme to help you to achieve more!

Research shows that robust vocabulary and oral language instruction is essential for positive reading comprehension outcomes. With that in mind, Talk About Texts seamlessly embeds a range of strategies to teach students four elements of oral language:

- listening and responding • building vocabulary • having conversations • questioning

The Teacher's Editions and Teacher Guides save you preparation time and free you up to concentrate on your students and their next steps. The focused questions, answer frameworks, vocabulary flashcards and assessments have been carefully created by teaching professionals to provide everything you need to get started with this exciting and interactive approach!

The series includes:

- 160 Student Books
- 160 Student eBooks
- 160 Teacher's Editions corresponding to each Student Book
- Teacher Resource Guide gives you access to ebook versions of each of the books in each level.

YEAR 3 READING LEVELS 24-30+	 35 titles	 35 eBooks	 35 titles	 1 Teacher Guide

Teacher's Editions

Teacher's Editions accompany each of the 160 Student Books.

From the outside, the Teacher's Edition looks just like the Student Book, allowing you to discreetly access your teaching notes whilst leading the guided reading group. The notes embed the oral language approach and vocabulary instruction throughout, providing everything you need for an effective lesson in one place. The wrap-around format will also save you valuable preparation time, freeing you up to bring the lesson to life and to focus on individual differentiation.

Student Books and ebooks

Each Student Book is finely levelled to systematically build students' reading skills and confidence.

The Talk About Texts Student Books include:

- full coverage of text types, enabling students to build robust comprehension skills across a broad range of texts
- links to other learning areas of the Curriculum, including Science, Humanities and Social Sciences, and The Arts, allowing you to match texts to your teaching topics and students' interests
- post-reading activities at the end of every book, providing opportunities for students to develop personal responses to the text by thinking, talking and writing.

eBook versions of the Student Books are available online for independent reading on a tablet device or computer, or for shared reading on an interactive whiteboard. Optional audio supports development of fluency and expression during independent reading.

HI! HELLO!

Preschool is an important stage in a child's life as they begin to observe and explore the world around them. Recent research has shown clear evidence that the brain develops to its maximum potential during early years. It is therefore important to create a stimulating and enriching physical and psychosocial environment to help the child's brain develop to its full potential. This stage is also important as a foundation for the inculcation of social values and personal habits, that last a lifetime.

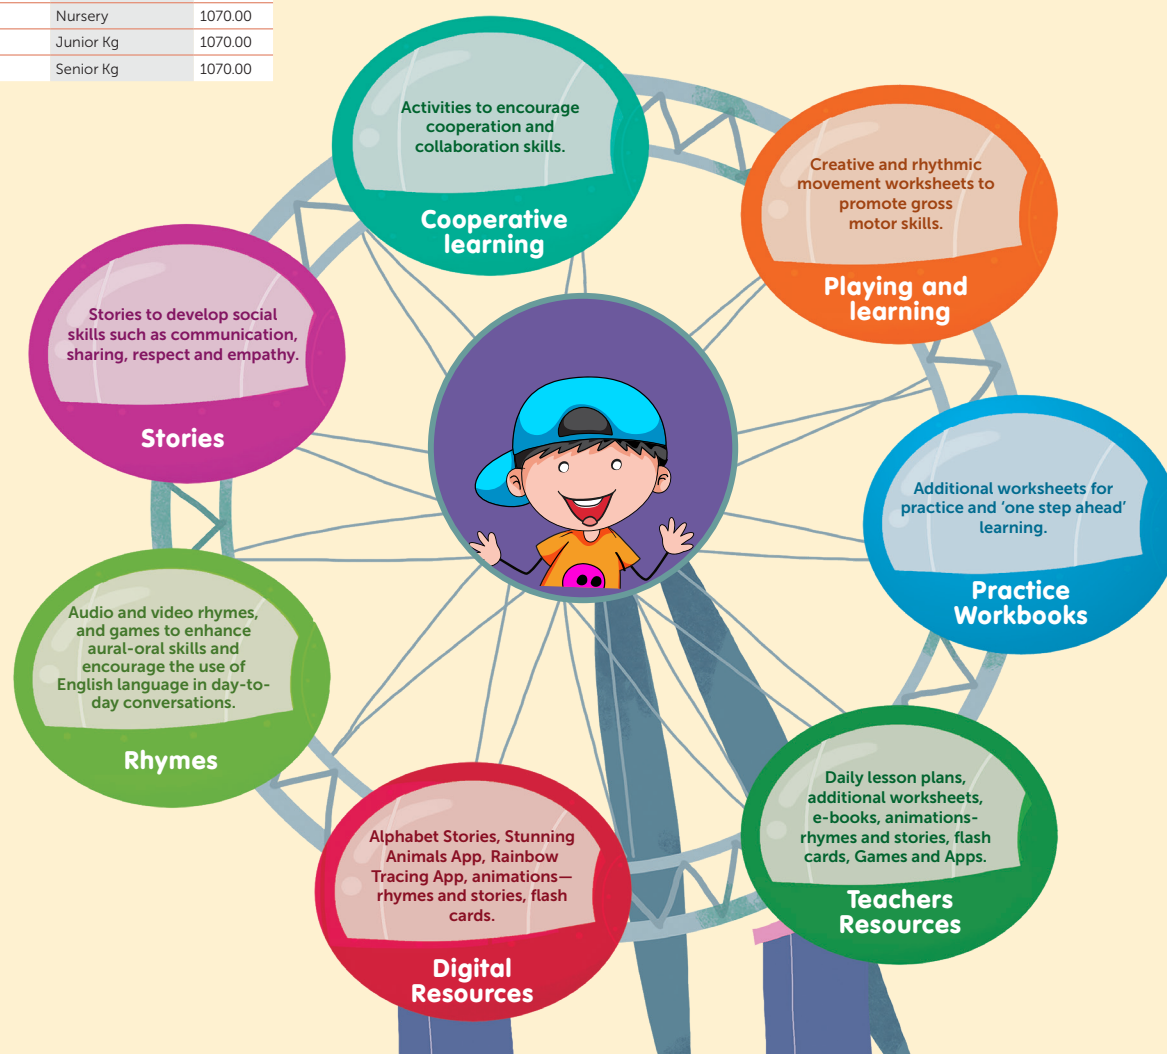

Based on this understanding, **Hi! Hello!** aims at providing ample opportunities to facilitate the holistic development of children in all domains.

OBJECTIVES OF HI! HELLO!

- To enhance the all-round development of children through developmentally appropriate activities
- To develop cognitive skills for a smooth transition from preschool to primary school
- To make children effective communicators and involved learners
- To continuously assess and evaluate children
- To respect the individual differences of children

EARLY BIRDS

• Nursery • Junior KG • Senior KG

Early Birds provides comprehensive coverage of reading, writing and numeracy concepts fundamental to early childhood learning. It is graded at three levels—Nursery, Junior KG & Senior KG.

Skill based series to develop following skills and concepts:

- **Literacy Skills**
 - » **Reading Skills:** develop pre-reading skills, such as matching, prediction, language skills, phonological, and phonemic awareness
 - » **Writing Skills:** help develop more advanced handwriting skills. Pencil grip, prompts and chanting components in the books help in enhancing writing skills
- **Numeracy Skills:** encourages children to be active participants in the learning process and lay foundations on which computational, organisational classification and interpretation skills through pictorial representation can be built
- Activities that meet the requirements and follow the sequence of curriculum
- A **'Talking Teacher'**: character who supports learning and encourages vocabulary building
- **Learning Outcome** shown at the foot of each page indicates the skills that are the focus of the activity on that page
- **Checklist** - facilitates the monitoring of each child's progress
- Parents can use the outcomes of checklist to keep themselves informed of their child's achievement
- **20 Extension Activities** - for additional practice
- Useful notes with skills-specific information, at the beginning of each book

REVISED AND ENHANCED

Classes: 1 – 5

CRIMSON

Semester Series

Crimson is an integrated course in English, Mathematics and Environmental Studies for classes 1-5. The revised and enhanced series conforms to the visions of the National Education Policy 2020 and follows the experiential and multi-disciplinary approach to learning.

The series covers two semesters in each academic year and is designed to equip learners with the necessary 21st century skills such as collaboration, communication, critical thinking, creativity and digital literacy. It also highlights the importance of embedding art-integrated education in curricular materials for strengthening the linkages between education and culture.

- **School Preparedness Module:** A section in class 1, semester 1, to help learners recapitulate the concepts learnt in pre-primary classes
- **COVID-19 Poster:** Colourful and informative poster about the prevention and spread of COVID-19 disease
- **Cyber Safety Pages:** Pages designed in the form of comic strips to increase the awareness about digital citizenship
- **GK Flash/Happiness Journal:** Current and updated General Knowledge worksheets to increase general awareness/Self-directed activities to develop self-awareness
- **Learning Outcomes:** A list of measurable skills and knowledge
- **Get Ready:** Engaging tasks to introduce the concepts
- **Quick Check:** In-text questions for self-assessment
- **Exercises:** A variety of engaging questions
- **Think and Answer:** Questions of higher order thinking skills (HOTS)
- **Reflect:** Questions on values and life skills
- **Do-it-yourself Projects:** pair and whole-class activities to facilitate peer and experiential learning
- **360-degree Holistic Progress Cards:** Continuous and comprehensive assessment cards to improve holistic development
- **Worksheets/Model Test Paper:** A variety of questions for assessment
- **Teacher's Manual:** A pool of teaching resources such as hybrid lesson plans, answer keys and additional worksheets
- **Digital Resources:** An assortment of digital resources for the new-age teachers and learners

CHERRY

Classes: 1 – 5

CHERRY, a learner-centred series for classes 1–5, follows the **experiential** and **multidisciplinary approach** to equip learners with the necessary **21st century skills**. **CHERRY** covers two semesters in each academic year and brings together learning materials for English, Mathematics, Environmental Studies, Science, Social Studies and General Knowledge.

- **Graded** and **matched** to the number of class hours planned by schools
- **Language, mathematical and scientific concepts** linked with interesting explanations, activities and real-life examples
- **Simple** and **lucid** language for easy comprehension
- **Attractive** and **realistic pictures** for a real-life connect
- **Did you know?**
- **Quick check** for self-assessment
- **Speak on** discussion-based questions
- **Concept recall** in the form of graphic organisers to translate important concepts into visual-learning aids
- **Value-based questions** to imbibe values and life skills
- **Try this** and **Club activities** pair and whole-class activities to facilitate peer and experiential learning
- **Virtual tours** for extended learning
- **Assessments** in the form of well-graded Exercises, HOTS and Model Test Papers
- **Cross-curricular projects**
- **Art-integrated learning** tasks focusing on music, art and craft
- **21st century skills** lesson components tagged with the core and sub-skills
- **Current** and **updated information** in the General Knowledge worksheets
- **360-degree holistic progress cards** comprehensive checklist after every module
- **Workbook** with a variety of questions mapped to each lesson in the coursebook for additional practice
- **Teachers' manual** includes lesson plans, additional worksheets, answers to questions in the coursebook and workbook

LITTLE CHERRY

Classes: LKG and UKG

Little Cherry is an age-appropriate, child friendly learning programme which is based on the **VARK (Visual, Aural, Read/Write and Kinaesthetic)** model of teaching. The series utilises active learning techniques to help the students develop holistically. The series is divided into two semesters for each class to make learning easy.

- Core competencies required at the pre-primary level have been extensively covered.
- Interesting Worksheets on literacy skills, numeracy skills, environmental studies and creative skills
- Additional learning modules on Kannada
- A handbook for teachers to aid teaching
- Digital resources to make the classroom lively and interactive

INDIGO

Classes: 1 – 5

TERM SERIES

This well-graded integrated course has been developed to inculcate 21st century skills. Focusing on learners' natural cognitive, emotional and physical development, Indigo brings together learning materials on English, Mathematics, Environmental Studies, Science, Social Studies and General Knowledge for Classes 1-5. Each subject enables the learners to attain learning outcomes as outlined in NCERT's Learning Indicators and Learning Outcomes at the elementary stage.

- **Happiness Journal:** Self-directed activities to develop self-awareness

English

- **Let's Read:** Profusely illustrated prose and poem pieces
- **Quick Check:** In-text questions
- **Comprehension Questions:** Objective and subjective-type questions, reference to context, knowledge-based questions
- **Think and Answer:** Higher Order Thinking Skills questions (HOTS)
- **Reflect:** Questions on values and life skills
- **Language Skills:** Grammar, vocabulary/ spellings, punctuation/dictionary skills, listening and speaking skills, writing skills
- **Grammar Worksheets:** Skill sheets for additional language practice
- **Pronunciation Drill:** Easy-to-do tasks on phonics
- **Read and Enjoy!:** Stories for rapid reading

Mathematics

- **Let's Learn:** Easy-to-understand mathematical concepts

- **Think and Solve:** Higher Order Thinking Skills (HOTS) questions and National Maths Olympiad-type questions
- **Do it Right:** Correcting common mistakes
- **Exercises:** Questions including word problems
- **Maths Lab Activity:** Concept-based activities
- **Reflect:** Questions on values and life skills
- **Mental Maths:** Practice questions to do calculations quickly

Environmental Studies

- **Let's Read:** Profusely illustrated stories, poems and real-life narratives
- **Recall:** Summary points for a quick recap
- **Exercises:** A variety of engaging questions
- **Explore and Discover:** Tasks that encourage curiosity
- **Fun and Learn:** Activities to encourage creativity
- **At Home:** Fun-filled tasks for extended learning

EXPLORE

Classes: LKG and UKG

SEMESTER / TERM

Explore is a skill enhancement series based on the guidelines of the **Early Childhood Education programme** envisaged by different school boards. The series includes skill sheets on literacy, numeracy, general awareness and life skills.

Based on latest blended learning approach

- Age- appropriate activities to develop reading and writing readiness
- **Gross motor activities** to promote fitness and good health
- **Rhymes, stories and mazes**
- **Value tags** in each semester to inculcate good habits
- 'My Earth' badges

RHYTHMS

Classes: LKG and UKG

TERM SERIES

A term series based on the **VARK (Visual, Aural, Read/Write and Kinaesthetic)** model of teaching. The series utilises active learning techniques to help the students develop holistically.

- A blend of learning areas such as Language Development, Preparatory Mathematics, Environmental Learning, Art and Craft and Life Skills Education
- Comprehensive evaluation sheets
- Well-structured activities including stories, rhymes and songs
- Activities to develop fine and gross motor skills

RHYTHMS

Classes: 1 – 5

RHYTHMS covers three terms in each academic year and brings together learning materials for English, Mathematics, Environmental Studies, Science, Social Studies and General Knowledge.

- **Graded and matched** to the number of class hours planned by schools
- **Quick check** for self-assessment
- **Speak on** discussion based questions to develop communication skills
- **Concept recall** in the form of graphic organisers
- **Value-based questions** and life skills
- **Try this and Club activities** pair and whole-class activities to facilitate peer and experiential learning
- **Virtual tours** for extended learning
- **Assessments** in the form of well-graded **Exercises, HOTS and Model Test Papers**
- **Cross-curricular projects**
- **Art-integrated learning** tasks focusing on music, art and craft
- **21st century skills** lesson components tagged with the core and sub-skills
- **Current and updated information** in the General Knowledge worksheets to increase general awareness
- **360-degree holistic progress cards** comprehensive checklist after every module
- **Workbook** with a variety of questions mapped to each lesson in the coursebook for additional practice
- **Teachers' manual** includes lesson plans, additional worksheets, answers to questions in the coursebook and workbook

FUSION

Classes: LKG to 5

SEMESTER / TERM SERIES

FUSION is an All-in-One Semester Series. The pre-primary levels incorporate the latest research information and development, to lay a strong foundation. The series covers lessons in English, Maths, EVS and GK for classes 1 and 2 and lessons in English, Maths, Science, Social Studies and GK for classes 3 to 5. The series is designed to offer an engaging environment for learners and teachers.

- **Jump Start** based on 'Sense-Think-Act-Share' approach
- **Catch-up** for 'during the lesson' assessment of learning
- **Quick Facts** for additional interesting information
- **Word Splash**, a glossary of difficult words
- **Higher Order Thinking Skills (HOTS)**
- **Values and Life skills**
- Link It for **cross-curricular focus**
- **Unit Test Papers** and **Model Test Papers**
- **GAIN** for self-assessment

ENGLISH

- 3 units per semester with two prose and one poem per unit
- Interesting selections in prose and poetry
- Grammar, Vocabulary, Pronunciation, Punctuation, Writing, Listening and Speaking tasks
- Poetry Appreciation
- Language Patterns Practice
- Language Worksheets
- One lesson in comic book format
- A reading piece in each semester
- Dictation

MATHEMATICS

- 'Fun Time' and 'Maths Lab Activities' to remove maths phobia
- 'Connect It' for a real-life connect
- 'Step Ahead' and 'Curious Minds' to enhance higher order thinking skills

SCIENCE

- 'My Pledge' to nurture meaningful habits
- 'Observe and Learn', and 'Look Closely' to develop a scientific bent of mind
- Do-it-yourself projects

SOCIAL SCIENCE

- 'Observe and Learn' to promote social studies skills
- Do-it-yourself projects
- 'Think beyond' for extensions
- Practice Maps to develop map skills

Revised

ENGLISH TREASURE

LISTENING

READING

SPEAKING

WRITING

New English Treasure is an integrated English course based on the communicative approach. The **revised edition** of the series conforms to the recommended pedagogical approach and practices enshrined in the National Education Policy (2020). The series aims at enabling the experience of holistic teaching and learning for both the teacher and the learner.

- **Indian authors and selections** to make learners aware of India's rich cultural and literary heritage
- A **school preparation module**, consisting of play-based and collaborative activities to ensure that all learners are equally school-ready
- Activities for **experiential learning** with a **cross-curricular approach** to inculcate a hands-on and reflective approach to learning
- Focus on **21st Century Skills** to prepare learners to be global citizens and problem-solvers of the coming decades
- Content enriched with **art-integrated learning** to underscore the link between education and culture
- **Social-emotional learning** for a holistic development of the learner through enabling their 'social and emotional capacities'
- **Graded grammar**, which is context embedded and uses appropriate visual organisers for ease of understanding, remembering and recalling
- Context-based and theme-linked **listening and speaking** activities to develop aural and oral communication skills
- **360-degree holistic progress cards** to encourage regular, formative and competency-based assessments
- **Workbooks** that are thematically and conceptually mapped to Readers
- **Supplementary Readers** with a rich array of stories and poems, especially of Indian origin, to develop love of reading in learners

ENGLISH FOR THE NEW WORLD

Classes: 1 – 8

READER & WORKBOOK

English for the New World is based on the communicative approach to teaching/learning of English and has been designed to engage students with the language.

The Workbooks are aligned with the Readers to ensure mapped learning of concepts. Literature Readers, for classes 3 to 8, develop reading skills by exposing students to varied literary texts. Well designed assessments within the lessons, enabling collaborative learning and peer correction. It also actively promotes cross-curricular learning while integrating blended learning.

NEW HORIZONS TODAY

Classes: 0A – 8

Readers reflect the latest trends in English Language Teaching and meet the current requirements of a changing curriculum and methodology.

The series effectively combines the best of traditional methods with the more recent approaches to help students use English both accurately and fluently. The focus is on sharpening four basic language skills through activities interwoven in exciting and familiar contexts for today's learners.

- Inclusion of extracts from the timeless classics of English literature
- **Rich variety of exercises** with scope for classroom interaction and communication
- **Tasks** which draw upon the student's language competence to skim, scan, infer and analyse the text for global and inferential comprehension
- **Well-defined activities** to internalise graded, common vocabulary
- **Coverage of all important concepts** and revision through well-explained definitions and examples
- Inclusion of **well-defined Listening and Speaking activities** for an integrated approach to learning of the language
- **Workbooks** with interesting activities for reinforcement and recapitulation of concepts covered in the Readers.

KITES

Classes: 1 – 8

Kites is an ELT course developed by language experts to handhold students who have very little exposure to the target language outside the classroom.

The series encourages the idea of drawing strengths from bringing the mother tongue into the classroom where necessary, to enrich the experience of a second language learner.

- Focus on **developing oral skills** at the initial stages, followed by literacy skills
- **Rich variety of reading texts** to sustain learners' interest in a new language
- **Comprehension** covers factual, inferential, analytical, evaluative, and extrapolative questions
- **A Ready Reference for Essential Grammar** at the end of the book to recapitulate the concepts learnt
- **Fun activities** to engage the students' interest
- **Workbooks** directly linked with the Readers—provide extension and practices of the language and grammar items learnt, besides reading comprehension and other language activities
- **Supplementary Readers** offer a treasury of national and international literature

MACMILLAN JUNIOR SCHOOL DICTIONARY

Macmillan Junior School Dictionary is a perfect companion to primary school students.

- Explains the meaning of new words and the way the words work in sentences
- Gets 5 to 10-year-old students to form the habit of using a dictionary
- Nearly 5000 words defined, with over 100 words of Indian English
- Many new words that reflect the technological and cultural developments of the modern world
- Definitions written in very simple, easy-to-understand style
- Numerous sentences as examples which aid the understanding of the word meanings
- Easy-to-use pronunciation guide
- Extensive treatment of word families to nurture vocabulary extension
- Usage notes to help in the use of appropriate words in the right contexts
- List of similar and opposite words
- Spelling advice
- Full-colour supplement on grammar.

MACMILLAN LITTLE DICTIONARY

- More than 18,400 entries for words and phrases
- More than 1600 usage notes on the words often confused because of similar sound or spelling
- Useful appendices.

REVISED AND ENHANCED

Maths

A SINGAPORE APPROACH

What is CPA?

CPA: Concrete, Pictorial and Abstract

In the concrete step, students engage in hands-on learning experiences using **concrete** objects such as chips, dice, or paper clips. This is followed by drawing **pictorial** representations of mathematical problems and then in an **abstract** way using numbers and symbols.

Concrete

Hands-on
Representation

Pictorial

Iconic
Representation

Abstract

Symbolic

As per Mandate Document
(2022) for National
Curriculum Framework (NCF)

Classes: 1 – 8

Based on the highly effective Singapore approach of teaching mathematics, **CPA Maths** is a series of mathematics textbooks for classes 1-8. Aligned with the **National Education Policy 2020** and the **Mandate Document (2022) to the National Curriculum Framework**, the series focuses on experiential learning for in-depth understanding of concepts rather than rote learning.

Course duration: 12 hours

- Videos
- Quizzes
- Interactive tasks
- Online forums

- **School Preparedness Modules** in classes 1, 3 and 6 to seamlessly transit to the next class
- **See and Learn** helps to understand and progress through concepts using visual inputs
- **Competency-based Assessments** such as Do and Learn (Exercises)/ Try it/Maths @ Work/Let's think Along encourage mastery and application of concepts in different contexts
- **Hands-on Activity/Pair and Share** promotes in-depth understanding through manipulatives, and enhances communication and collaboration skills
- **Let's Have Fun** reinforces the grasp of mathematical concepts through games and activities
- **Cross-curricular Connect** activities aim to explore interconnected topics
- **Art-integrated Learning** activities help to imbibe the Indian ethos through integration of Indian art and culture
- **Financial Literacy** to understand the importance of economy in everyday life
- **Technology Literacy** encourages the use of digital tools to access, manage, evaluate and create information for functioning in the real life
- **Case Study** promotes vocal for local and helps students apply mathematical concepts in real-life-situations
- **India@75** celebrates and commemorates 75 years of independence and our progress in sciences, technology and society
- **360-Degree Holistic Progress Cards** to assess learning
- **Mastery Worksheets** of levels L1 (Basic), L2 (Standard), and L3 (Challenge) in classes 1-5 for additional practice

MATHS XPRESS

Maths Xpress is a series of mathematics textbooks for classes 1 to 8. Aligned with the National Education Policy 2020, the series follows an experiential and cross-curricular approach to learning. The learning materials are learner-centred, discovery-oriented, discussion- and enquiry-based to help learners develop the essential 21st century skills of communication, collaboration, creativity, critical thinking, digital literacy and life skills.

- **Learning Outcomes:** significant learning outcomes that learners will achieve on completion of the lesson
- **Speed Maths:** helps students to carry out quick calculations
- **21st Century Skills:** prepare learners to become global citizens
- **HOTS/Target Olympiad:** encourages students to think out-of-the box
- **Cross-curricular Connect:** activities to develop knowledge, understanding and practical skills through a study of interconnected topics
- **Art-integrated Learning:** imbibes the Indian ethos through integration of Indian art and culture
- **Fun with Maths:** reinforces the concepts taught in a fun way
- **Enrichment Time:** provides deeper insights into the concepts under study
- **Revision Station/Exercises/ Worksheets/ Practice Sheets:** wide range of well-thought-out 'assessments for learning'
- **360 -Degree Holistic Progress Card:** customised checklists at relevant points and a comprehensive checklist at the end of the book to evaluate learners' progress
- **Case Study (Classes 3-8):** helps students apply mathematical concepts in real-life situations
- **Activity/Project:** experiential learning activities for students to learn and explore
- **Maths Engine (Classes 1-5):** includes tasks that foster creative thinking and problem-solving skills among students
- **Practise for PISA** is a competency-based maths practice workbook that prepares learners for the Programme for International Student Assessment (PISA) conducted by the Organisation for Economic Cooperation and Development (OECD). PISA tests 15-year-old students from all over the world in reading, mathematics, science and collaborative problem solving skills to face real-life situations in the adult world
- **Teacher's Manual:** a pool of teaching resources such as hybrid lesson plans and additional worksheets

Classes: 1 – 8

EXTRA MILE

Extra Mile can be an accompaniment to any maths series, and can be used as a stand-alone practice workbook based on concepts that are grade appropriate and have learning outcomes.

PRACTICE MORE

Practice More, a series of workbooks is an ideal companion for the Math textbooks published by NCERT. The workbooks help to reinforce and assess the student's understanding of concepts learned in the textbooks.

- Concepts closely mapped with the textbooks
- Page numbers provide a ready reference to the concepts dealt with in the textbooks
- 'Words to know' lists important words and their definitions
- Concept maps/Learning summaries highlight key points of the lessons
- Practice Worksheets include exercises of different kinds (Multiple choice, Fill in the blanks, True/False, Short answer questions, Subjective type questions)
- 'At a glance' include crisp information on the target concept
- Teacher's books include answer keys, additional worksheets, and test papers for half yearly and annual examinations

SCIENCE MORE

Science More, a series of workbooks is an ideal companion for the science textbooks published by NCERT. The workbooks provide additional practice on important concepts dealt with in the textbooks.

- Concepts closely mapped with the textbooks
- Page numbers provide a ready reference to the concepts dealt with in the textbooks
- 'Words to know' lists important words and their definitions
- Concept maps/Learning summaries highlight key points of the lessons
- Practice Worksheets include exercises of different kinds (Multiple choice, Fill in the blanks, True/False, Short answer questions, Subjective type questions)
- 'At a glance' include crisp information on the target concept
- Teacher's books include answer keys, additional Worksheets, and test papers for half yearly and annual examinations

STEM CONNECT

Classes: 1 – 8

1 to 8 Learning will never be the same Inspired by the UN Sustainable Development Goals, STEM Connect 1 to 8, is a blended learning and teaching resource, developed to inspire learners to analyse problems, plan their own investigations, develop solutions based on real data and then test and evaluate them. The projects provide learners opportunities to collaborate, communicate and present, putting into action the 4Cs that are crucial to STEM.

Aligned to the curriculum, each grade focusses on two key themes drawn from the following:

- Exploration and discovery
- Water
- Energy
- Food

Detailed Teacher's Manuals with lesson plans, for each grade, provide guidance for effective interaction with the learners.

The World— for You and Me

A series on Environmental Studies

The World—For You and Me is a series on Environmental Studies for classes 1-5. The series follows the experiential-learning approach. The learning materials are discovery-oriented, and discussion and analysis-based, leading to the development of 21st century skills. The series comprises Coursebooks, Workbooks, Map Workbooks (for classes 3-5) and Teachers Resources.

- **Lesson Schema:** a diagrammatic representation of key concepts
- **Learning Outcomes:** significant learning outcomes that learners will achieve on completion of the lesson
- **Warm-up:** engaging, pictorial tasks to introduce learners to the theme of the lesson
- **Study Skills:** building positive study habits for effective retention and independent learning
- **21st Century Skills:** lesson components tagged, along with a consolidated list of skills
- **Cross-curricular Projects and Project-based Learning:** collaborative activities for experiential learning
- **Activity/Let's be Creative:** interactive tasks to engage learners and aid in experiential learning
- **Art-integrated Learning:** activities tagged for focus on art and craft
- **360-degree Holistic Progress card:** comprehensive checklists after every unit and at the end of the book
- **Model Test Papers:** two tests, one after each semester, for assessment

Classes: 1 – 8

Aligned to National Education Policy 2020

Footprints...Our Past, Planet, and Society is an integrated social science series for classes 1 to 8. Aligned with the National Education Policy 2020, the series follows an experiential and cross-curricular approach to learning. The learning materials are learner-centred, discovery-oriented, discussion and inquiry-based to help learners develop the essential **21st century skills** of **communication, collaboration, creativity, critical thinking, digital literacy** and **life skills**.

- **Big Idea** at the beginning of each lesson captures the learning outcomes
- **Let's Get Started** (1-5) is a captivating picture-based warm-up activity in every lesson
- **We Shall Learn** (1-5)/**At a Glance** (6-8) gives the conceptual mind map of a lesson as a flow chart
- **Words to Know** helps students to learn new terms and build their vocabulary
- **Zoom In** (1-5)/ **Did You Know** (6-8) gives interesting snippets of information
- **Chapter Checklist** provides key points of a lesson for self-assessment and revision
- **Art-integrated learning activities** help imbibe the Indian ethos
- **Project-based learning** and **cross-curricular activities** (3-6)
- **Activity** and **Activity Corner** help engage students with the course content and facilitate experiential learning
- **Think It Over** develops Higher Order Thinking Skills (HOTS)
- **History Maker** (History)/**News Maker** (Geography and Social and Political Life—6-8) showcase important personalities
- **Timelines** in history lessons place events and provide a time frame for in-depth understanding
- **My SDGs** are engaging comic stories on the United Nation's Sustainable Development Goals to transform our world
- **Connect to History/Geo-Connect/Connect to the World Around** (6-8) links the concepts with the learners' world.
- **Analysing Sources of History/Analysing Contemporary Sources** (6-8) encourages experiential learning
- **Dual Focus Maps** (transparencies-6-8) allow learners to correlate geography themes meaningfully
- **Map-skills Worksheets** and **Geography Skillbuilder** (6-8) activities develop map-reading and spatial skills
- **What was Happening Elsewhere** (6-8) helps to develop the skills of comparative analysis
- **Be a Historian/Be a Geographer/An Extra Mile** (6-8) gives students an opportunity to think and work like social scientists and construct their own knowledge
- **360° Holistic Progress Cards** facilitate continuous and comprehensive assessments

GREEN BUSY BEE

Green Busy Bee is a series based on the Green School Initiative of the NCERT, promoting Education for Sustainable Development (ESD), and includes innovative ideas and strategies for achieving the objectives of ESD.

A few chapters in this series are contributed by members of the Educating Youth for Sustainable Development (EYSD) division at The Energy and Resources Institute (TERI), which strives to instil a sense of responsibility amongst the youth towards the environment.

- Designed to develop the 21st century skills and enable learners to acquire basic cognitive and psychomotor skills through observation, classification, inference, etc
- Picture-based activity, **The Buzz**, to introduce the core theme of the chapter and generate students' interest in the subject
- **Bee Wise** encourages students to learn and imbibe life skills-thinking skills, social skills and emotional skills; **Bee Nice** instils core values in students
- **Learn by Doing** encourages experiential learning and helps in creating knowledge through active experimentation

GREEN LEAF

Classes: 1 – 5

Green Leaf is a series of five textbooks on Environmental Studies based on NCERT learning outcomes. The series is designed and developed to create awareness among learners about their immediate and wider surroundings through real-life experiences on various themes related to daily lives. The series also aims to nurture natural curiosity and creativity, and develop sensitivity for the natural and human resources in the environment.

- **Before We Begin**—activities and probing questions to generate curiosity about the new topic
- **Lessons**—stories, poems and real-life narratives to teach key concepts
- **Word Smart**—meanings of new words to build vocabulary
- **Did You Know?**—interesting snippets related to the lesson to impart additional learning
- **Remember**—a recapitulation of the key concepts
- **Exercises**—a variety of engaging questions to build comprehension skills, logical reasoning and creativity
- **Explore and Discover/Fun and Learn/At Home**—tasks for extended learning
- **Teacher's Handbook**—a useful teaching resource that includes lesson plans, answer keys and additional worksheets

Exploring Information Technology is a comprehensive series on Computer Science designed for classes 1 to 8. It has been developed with emphasis on the interactive and creative approach. The series serves as an ideal classroom support for computer education.

The series is primarily based on **Windows 10** and covers **Microsoft Office 2016**. Conforming to the **NEP 2020** guidelines, the series incorporates new themes such as **Coding, Artificial Intelligence, Computational Thinking, Cyber Ethics** and **Cyber Security**. It also discusses various software applications such as ScratchJr, Scratch, Python, Adobe Animate, Adobe Photoshop, and the programming language HTML.

- **Learning Outcomes:** List of learning outcomes for each chapter to set the agenda for an outcome based learning
- **Quick Connect:** Warm-up activities based on prior knowledge to set the stage for new learning
- **Quick Check:** In-text assessments to test comprehension of the concepts learnt
- **Teacher's Corner:** Notes for the teacher with teaching ideas and tips
- **Quick Fact/ Note:** Informative and interesting facts about the topic being discussed
- **Quick Recap:** A brief summary of the lesson for easy recapitulation
- **Exercises:** Comprehensive exercises with application-based questions to reinforce learning
- **In the Lab:** Practical activities to help develop computer skills
- **Activity Time:** Interesting activities to test the understanding of students
- **Fun Time:** Fun activities to reinforce concepts learnt
- **Explore More:** Tasks to encourage further engagement and exploration of the concepts learnt in the chapter
- **Discussion Time:** Discussion tasks on interesting topics related to the concepts to encourage communication and articulation skills
- **Worksheets/Test Papers/Project Work:** Assessments at different stages to help sharpen the concepts learnt
- **Digital Resource:** A range of digital resources to make learning enjoyable

EXPLORING INFORMATION TECHNOLOGY

–WINDOWS 7 AND MS OFFICE 2010

Classes: 1 – 8

Exploring Information Technology is a Computer Science series. It covers the NCERT curriculum recommended by CBSE and all major state boards. It has been thoroughly revised with emphasis on the interactive and creative approach.

The series is primarily based on Windows 7 and covers Microsoft Office 2010 along with updates on Windows 10 and Microsoft Office 2013.

GO WITH LINUX

Classes: 1 – 8

Go with Linux is a series of computer science books which makes use of a variety of Free and Open Source Software (FOSS) on the user-friendly Edubuntu distribution, an educational version of the Linux-based Ubuntu operating system.

The curriculum conforms to the guidelines recommended by the National Curriculum Framework, 2005. Keeping in mind the limited number of class hours available for computer studies at the primary and middle-school levels, the lessons have been kept simple in content and language.

- Lessons adopt a hands-on, step-by-step approach to facilitate easy understanding
- A large number of **laboratory activities** in the **Let Us Do** section encourage learning-by-doing.
- **Let Us Learn** at the beginning of each chapter outlines the scope of study
- A variety of in-text features such as **IT Genius**, **ICT Today** and **Did You Know** offer interesting insights into the world of computers
- **Let Us Revise** contains recapitulation points at the end of each chapter.
- **Comprehensive exercises** at the end of each chapter test the understanding of concepts
- **Teacher's corner** at the end of each lesson provides useful hints to teachers
- Mid-term **Worksheets** and year-end **Revision Worksheets** provide practice questions for assessment
- **Projects** at the end of the book offer more practice on the topics learnt.

MIND XPRESS

Mind Xpress is a General Knowledge series to provide important knowledge and skills in a logical developmental sequence for in-depth understanding. Topics based on life skills and critical thinking empower students in developing skills such as analysing situations, making reasoned judgement and solving problems as they emerge. This lays a sound foundation for taking competitive exams in later years.

- Appropriate content that provides for all areas of a child's development such as physical, emotional, social, linguistic and cognitive
- Has an **attractive layout**, double-page spreads with child-friendly illustrations and photographs that appeal to children and adults alike
- Self-directed and hands-on **activities, quizzes, puzzles, riddles**, etc., that require young learners to be creative and innovative, and gives them the confidence and skills to use critical and creative thinking purposefully
- **Board Games** help improve analytical and decision-making skills
- **A Step Further** are inquiry-based activities to enhance students' ability to think sequentially, creatively and critically
- **Sounds Interesting** give interesting and useful snippets of information
- **Help Box** provides cues to students to complete the activities successfully
- **My Earth Songs** by Grammy® Award Winning Composer and Conservationist Ricky Kej to sensitise students on sustainability and conservation

GK SMART

Classes: 1 – 8

GK Smart is a scientifically graded series, catering to students across all boards. The series is based on Howard Gardner's Theory of Multiple Intelligences (MI), which helps teachers to find natural intelligences of their students.

- Each **Smart Sheet** has been designed to cater to one or more of the Multiple Intelligences
- **Thematic arrangement of topics** covering varied content, such as Living World, Logic and Reasoning, Food and Beverages, Literature and Language, Sports and Entertainment, Culture and Heritage, Science and Technology, Life Skills and Values, and Art and Craft
- **Personality Focus** for students to draw inspiration from the lives of great personalities
- **Did You Know** provides interesting facts and trivia on the target concept
- **Quoteworthy**, a collection of thought-provoking quotes by eminent personalities to inspire students
- Specially designed test papers called **Smart SEAL** (Skill-based Evaluation of Aptitude and Learning) for the students. The grading sheet for teachers provides the method of assessment and helps them to identify the students' natural intelligences (skills and aptitude) and potential areas for improvement
- **'My Earth Songs'** bookmarks based on UN's Sustainable Development Goals, composed by Ricky Kej, Grammy Award Winning Composer, to sensitise students on conservation
- **eBytes**, an App that provides additional general knowledge content capsules with relevant images and videos

LITTLE LEADERS / YOUNG LEADERS

Little Leaders (1-5) and **Young Leaders** (6-8) is a path-breaking series of books on character- building and fostering good citizenship by Shiv Khera, the motivational speaker of global repute and an educator. The series is structured in such a way that the children will walk away with the most robust inputs to grow up to be contributing, productive adults, demonstrating values like integrity, honesty, and respect, to shape our nation into a power that we have always dreamt of.

- Provides students the opportunity to question, discuss and arrive at conclusions at each stage of development
- Positive auto suggestions have been included in each lesson to help develop a positive attitude among children

TOUCHSTONE

Classes: 1 – 8

Touchstone, follows a comprehensive and pragmatic approach to enable our young adults to rise to higher levels of endeavour and achievement.

The core values dealt in the series revolve around health and hygiene; responsibility for self-development; responsibility towards one's work/duty; harmony and common brotherhood, social responsibility; love, care and compassion; protection of environment; critical and creative thinking; scientific temper, and appreciation for beauty and aesthetics.

- Each lesson begins with a thought-provoking quote by great personalities
- **'Points to ponder'** lists a set of questions for reflection
- **'Read and Reflect'** include interesting stories, anecdotes and poems based on the value
- **'Your workspace', 'Your skill space'** at the end of each lesson to assess the internalisation of values

GARDEN OF LIFE

Classes: 1 – 10

Education is complete and comprehensive only when academics with its knowledge embraces value education with its wisdom. Knowledge as 'information' must be guided by wisdom as 'transformation' to empower children to become architects of a beautiful world.

Garden of Life, a series on Value Education is designed and developed with this larger and all-embracing vision. Through this series, children, parents and teachers unite to create a happy, healthy and harmonious educational ambience. Thus empowered, schools and families create a firm foundation upon which is built a superstructure of a more prosperous, progressive and peaceful society, nation and world.

- **Warm-up** - activities and tasks for reorientation
- **Think** - Thought-provoking and introspective section
- **New stories** in the present context, to teach values as suggested by the NCERT
- Easy-to-understand language
- Activities and games related to the values taught in the lesson
- **Homework and Exercises** for self-evaluation on the values learned
- **My Value Wheel** - to recapitulate values learnt in the lesson
- In-built teacher's resource
- Interesting use of **cartoons** for values in classes 1 to 5
- **My Earth Songs** by Grammy Award Winning Composer, Ricky Kej
