***School Catalogue* 2026**

Dear Academic Partners,

As part of our commitment to the National Curriculum Framework for School Education 2023 (NCF-SE 2023), we're excited to share updates that make teaching more outcome-based and competency-driven.

Our bestselling **English Ferry** now includes a SAFAL booklet, and Footprints comes with a skill development companion, both designed to enrich learners. **English Rose** has been refreshed with new lessons while keeping its literature focus. We're also launching the revised **Kites**, promoting multilingual pedagogy in line with NEP, and introducing **New Conversations**, based on the S.P.E.A.K model to build fluency and communication.

In Emerging Tech, we're expanding with **Tech Magic** (Classes 1–8) and **Artificial Intelligence** (Classes 9–10) -- developed in partnership with Microsoft India using the base material developed by Microsoft for CBSE. The AI coursebooks have Microsoft certified courses embedded in the content and learners can go online and take these certifications. Our blended solution, **Emerging Tech Stars**, is gaining popularity as learners engage with both books and the coding platform. We also support educators with certified AI and coding courses via Microsoft.

We're grateful for the enthusiastic response to **P.L.A.Y. Time!**[™], our foundational learning programme, and the thematic **Altura Buddies** (three levels - Beginner, 1, and 2). Alongside **Hop Skip and Jump**, these have strengthened Macmillan's leadership in pre-primary education. This year, we're bringing you enhanced **Hi! Hello!** (literacy, numeracy, general awareness books) aligned to NCF 2022, and the easy-to-use **My First, Second, and Third Activity Books** for early years.

Our catalogue offers a comprehensive suite of textbooks and supplementary materials across subjects and grades, integrating technology like interactive e-books, digital assessments, and multimedia tools to elevate classroom learning.

We sincerely thank our partner schools, educators, and academic leaders for their continued trust and collaboration. Your feedback drives our commitment to innovation as we evolve to meet the dynamic needs of learners and schools.

Warm regards,

Managing Director

Emerging Tech Star

Based on Window 10 an MS Office 2016
Classes: 1 – 8

Aligned to the National Curriculum
Framework for School Education 2023

The series introduces learners to the basics of computers and computer programming, enabling them to first become efficient users and gradually empowering them to become effective creators.

Each class features two books: the Coursebook and My Coding Journal.

Books 1-5 are aimed at introducing students to the idea of using computers for their everyday tasks. They learn to use commonly available software applications like MS word, MS Paint, PowerPoint, and Excel that can help them apply and consolidate their learning in other subject-areas as well.

Books 6-8 are designed to build on students' skills and creativity with a focus on strengthening their understanding of computer programming.

My Coding Journal 1-8 - A parallel strand of simple programming is introduced from Grade 1 onwards helping students transition smoothly from using Scratch to build games to websites and using HTML and CSS.

Elevate your learning with the Coding and Learning Platform!

(Aligned with NCF 2022 and 2023)

My First, Second and Third Activity Book, for pre-school and nursery classes have been developed along the guidelines specified by the NCERT on Pupil Achievement at the Primary Level. The series teaches students Reading, Writing and Arithmetic through activity-based exercises.

- This encourages children to think, deduce, analyse, and learn basic concepts
- Most activities can be done without adult supervision, promoting independent learning and confidence
- Book 1 introduces line practice, shape recognition, number work (1–10), and picture matching
- Books 2 and 3 present sound-letter-word association developed into simple sentences
- Number work progresses with counting, reading, and writing cardinal numbers
- Measured through the holistic progress report card

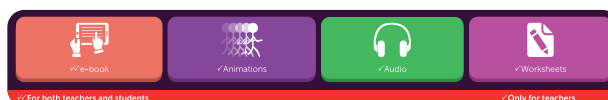

Activity World

• Nursery • Junior KG • Senior KG

Activity World 1A, 1B, 2A, 2B, 3A and 3B comprising 6 books for Nursery, LKG, and UKG is a perfect pre-primary series. Well-thought-out learning activities enable children to realise their latent potential and prepare them for admission and successful learning at the primary school level

- Age-appropriate activities to enhance sensorial learning and vocabulary along with developing literacy, numerical, and creative skills of students
- Teacher's Handbook

Plums (Semester Series)

Aligned to the National Curriculum Framework for School Education 2023

Classes: 1 - 5

Plums is a five-level series for classes 1 to 5, covering two semesters at each level.

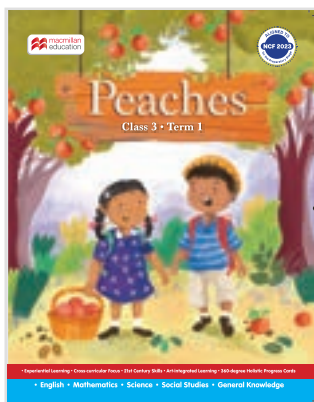

Plums is a learner-centric series and follows an inter-disciplinary approach with a 21st century skills focus. Focusing on the learners' natural cognitive, emotional and physical development, **Plums** brings together learning materials on English, Mathematics, Environmental Studies and General Knowledge for classes 1 and 2, and English, Mathematics, Science, Social Studies and General Knowledge for Classes 3-5.

Teacher's Manual includes a complete pool of teaching resources such as micro-lesson plans, answer keys and additional worksheets.

Digital Learning Resources include animations, videos, slide shows, games, test generator, and many more for both teachers and learners.

Little Cherry (Semester Series)

As per the NCF for the Foundational years 2022

Classes: Nursery, LKG and UKG

Little Cherry is an age-appropriate, child friendly learning programme which is based on the **VARK (Visual, Aural, Read/Write and Kinaesthetic)** model of teaching. The series utilises active learning techniques to help the students develop holistically. The series is divided into two semesters for each class to make learning easy.

- Core competencies required at the pre-primary level have been extensively covered
- Interesting worksheets on literacy skills, numeracy skills, environmental studies and creative skills
- A handbook for teachers to aid teaching
- Digital resources to make the classroom lively and interactive

Explore (Semester and Term Series)

Classes: LKG and UKG

Explore is a skill enhancement series based on the guidelines of the **Early Childhood Education** programme envisaged by different school boards. The series includes skill sheets on literacy, numeracy, general awareness and life skills.

Based on latest blended learning approach

- Age- appropriate activities to develop reading and writing readiness
- Rhymes, stories and mazes
- ‘My Earth’ badges
- Gross motor activities to promote fitness and good health
- Value tags in each semester to inculcate good habits

Explore Classes: 1 - 5

New Explore® Series 1 to 5 follows the curricular requirements set by the **NCF 2005** guidelines for core subjects such as English, Mathematics, EVS/Science, Social Studies and General Knowledge for each semester.

- A picture-story lesson in English at levels 3 to 5
- All concepts in Mathematics are introduced through **picture stories** to remove maths phobia
- Pictorial representation of examples in English grammar and Mathematics for easy comprehension
- **Fun Time, Let’s Do, Let’s Explore** and **Let’s Integrate** provide opportunities to explore the topics further
- Learning summaries give an overview of the concepts learnt in each semester
- **Workbooks** are aligned with the course books. They also include activities on Art and Craft and Values and Life Skills/Living Together
- **Teacher’s Manuals** include lesson plans, worksheets and answer keys

The series is especially suitable for learners of English who need more exposure to English in the classroom. It supports multilingualism in the classroom, allowing all learners to confidently express themselves. Lessons are tagged for NCF skills—21st century skills, experiential, cross-curricular, art, SEL, diversity, equity, inclusion

- Focus on oral skills early on, followed by literacy skills
- Varied reading texts to maintain interest in the language
- Comprehension includes knowledge, understanding and application questions
- Tasks and activities designed to build cognitive skills
- End-of-unit revision to assess comprehension, grammar, vocabulary
- Fun activities to sustain learner engagement
- Essential grammar reference section for concept recap
- Assessment activities to support the teaching–learning process

English Brook (Reader and Workbook) Classes: 1 – 8

English Brook is aligned to the curriculum prescribed by the CISCE.

- Theme-based and cross-curricular approach
- A wide range of learning experiences to promote inclusive learning
- Pictorial Grammar, Tree Maps and Tables for quick understanding of grammar
- Dictation to associate sounds with spelling patterns
- Recitation for aural appreciation of literary language
- Picture-based activities to elicit situation-based vocabulary
- Guided writing tasks through samples and formats

Grammar Way

Classes: 1 – 8

A comprehensive grammar course for grades 1 – 8, based on the eclectic approach to language acquisition. Learners acquire grammar through both inductive and deductive methods. The series also includes vocabulary, reading comprehension and composition to provide learners with a holistic language learning experience while strengthening their knowledge of grammar.

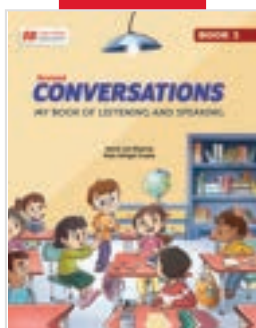

Great Fun with Grammar

Classes: 1 – 8

A contemporary grammar series for grades 1 – 8, based on interactive and collaborative approach to learning. The revised edition has enhanced explanations of key grammar concepts and ensures that the process of teaching and learning grammar is enjoyable to teachers and students alike.

Revised

CONVERSATIONS

MY BOOK OF LISTENING AND SPEAKING

(Students' Books and Teachers' Manuals)

Classes: 1 – 10

New Conversations has been revised to support the oral and aural skills of young learners more effectively. It includes listening and speaking activities in authentic communication situations.

- Warm-ups: contextual and discussion-based
- Top Tip Box (1–2): helpful hints for tasks
- Dictation (1–8): graded listening with focus on spelling and structure
- Language Help & Good to Know (3–10): useful learner info
- My Point of View (9–10): space for personal opinions
- More Practice: theme-linked poems and songs
- Conversational models for role-plays
- Improved lesson flow for logical progression
- Listening/speaking sub-skills and pronunciation drills
- Opportunities for individual, pair, and group work
- Self and peer-assessment to monitor progress
- Integrated listening and speaking practice

New Conversations is based on the model below for language acquisition:

English for the New World (Reader, Workbook and Supplementary Reader)

Classes: 1 – 8

The series is based on the communicative approach to teaching/learning of English.

The Workbooks are aligned with the Readers. Literature Readers, for classes 3 to 8, develop reading skills by exposing students to varied literary texts. It also actively promotes cross-curricular learning while integrating blended learning.

- Includes structured lessons with clearly defined **learning objectives**
- Allows self-assessment through end of lesson **checklists**
- Integrates **life skills** and **values cohesively**
- Gives ample scope for **listening** and **speaking practice**
- Covers grammar concepts with clear explanations and examples
- Develops an active vocabulary base in a graded manner
- Provides extensive **pronunciation drills**
- Includes comprehensive Teacher's Manuals and additional Worksheets

New Horizons Today (Reader and Workbook)

Classes: 0A – 8

The focus of the series is on sharpening four basic language skills through activities interwoven in exciting and familiar contexts for today's learners.

- Inclusion of extracts from the timeless classics of English literature
- **Rich variety of exercises** with scope for classroom interaction and communication
- **Tasks** which draw upon the student's language competence to skim, scan, infer and analyse the text for global and inferential comprehension
- **Well-defined activities** to internalise graded, common vocabulary
- **Coverage of all important concepts** and revision through well-explained definitions and examples
- Inclusion of **well-defined Listening and Speaking activities**
- **Workbooks** for reinforcement of concepts covered in the Readers

CPA: Concrete, Pictorial and Abstract

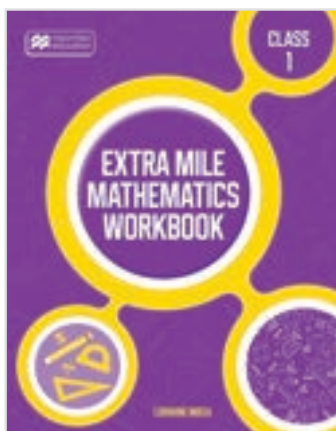

CPA Maths

Classes: 1 – 8

Based on the highly effective Singapore approach of teaching mathematics. In the concrete step, students engage in hands-on learning experiences using **concrete** objects such as chips, dice, or paper clips. This is followed by drawing **pictorial** representations of mathematical problems and then in an **abstract** way using numbers and symbols..

- **School Preparedness Modules** in classes 1, 3 and 6
- **Hands-on Activity/Pair and Share** promotes in-depth understanding
- **Let's Have Fun** reinforces mathematical concepts through games and activities
- **Cross-curricular Connect** activities aim to explore interconnected topics
- **Financial Literacy** to understand the importance of economy in everyday life
- **Technology Literacy** digital tools to manage, evaluate and create information
- **Case Study** helps apply mathematical concepts in real-life-situations
- **360-Degree Holistic Progress Cards** to assess learning
- **Mastery Worksheets** of levels L1 (Basic), L2 (Standard), and L3 (Challenge) in classes 1-5 for additional practice

Extra Mile

Classes: 1 – 8

Extra Mile can be an accompaniment to any maths series, and can be used as a stand-alone practice workbook based on concepts that are grade appropriate and have learning outcomes.

Footprints Classes: 1 – 8

Footprints ...Our Past, Planet, and Society is an integrated social science series for classes 1 to 8. Aligned with the NCF 2022 and NCF 2023, the series follows an experiential and cross-curricular approach to learning.

- Big Idea** at the beginning of each lesson captures learning outcomes
- Let's Get Started** is a picture-based warm-up in every lesson
- At a Glance** gives the lesson mind map as a flow chart
- Words to Know** helps build vocabulary
- Did You Know** shares interesting snippets
- Skills and competency-based questions** after the text
- Rooted in Heritage** connects to India's rich heritage
- Social and Emotional Learning** builds self-awareness and interpersonal skills
- Citizenship in Action** builds democratic participation skills
- Connects literature to history, geography, civics
- Vocational Learning** for bagless days
- Chapter Checklist and Visual Summary** aid revision and self-assessment
- Art-integrated activities promote the Indian ethos
- Project-based and cross-curricular learning
- Guided Learning helps organise learning efficiently
- Engage and Explore** support experiential learning
- Think It Over** develops Higher Order Thinking Skills
- History Maker/News Maker** showcase key personalities
- Timelines place historical events in context
- My SDGs** include engaging comic stories on UN Global Goals
- Connect to History/Geo-Connect** links concepts to learners' world
- Analysing Sources encourages experiential learning
- Dual Focus Maps** build map skills
- What was Happening Elsewhere** builds comparative analysis skills
- Be a Historian/Geographer/An Extra Mile** builds curiosity and critical thinking
- Model Test Papers** and worksheets for assessment
- 360° Holistic Progress Card** supports continuous assessment

Artificial Intelligence

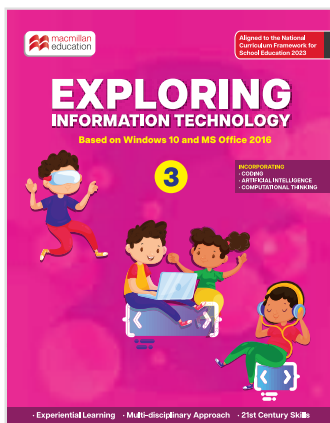

Classes: 9 and 10

In partnership with Microsoft

Step into the future of learning with this thoughtfully designed AI textbook series for Classes 9 and 10, aligned with CBSE's Skill Course (Code 417). Developed in collaboration with Microsoft, these books offer a dynamic and engaging approach to understanding Artificial Intelligence, preparing students for the digital age with real-world relevance and hands-on learning.

Some content and activities in this series are adapted from the Microsoft Learn platform, offering students industry-relevant insights and hands-on exposure to real-world AI tools and technologies.

- Learning Objectives: for goal-oriented learning
- Did You Know?: Interesting facts and insights to deepen understanding and connect concepts to real-world applications
- AI Quiz Time: Objective type quizzes to reinforce learning and encourage self-assessment
- Activity Time: Hands-on tasks and group activities
- Game Time: Gamified exercises to make learning AI concepts enjoyable and memorable
- Summary: Easy revision and concept consolidation
- Case Study-Based Questions
- Ideal for both classroom learning and self-paced study
- Copilot Prompt Library
- Continuous professional development for teachers through curated learning paths on MS Learn platform

Mind Xpress

Classes: 1 – 8

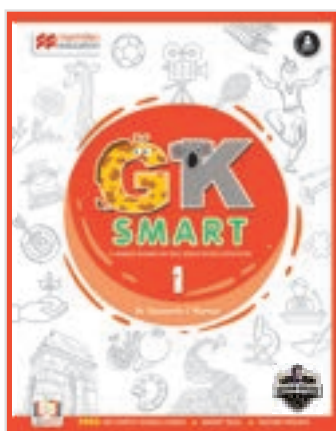

Mind Xpress is a General Knowledge series to provide important knowledge and skills in a logical developmental sequence for in-depth understanding. Topics based on life skills and critical thinking empower students in developing skills such as analysing situations, making reasoned judgement and solving problems as they emerge. This lays a sound foundation for taking competitive exams in later years.

- **Board Games** help improve analytical and decision-making skills
- **A Step Further** are inquiry-based activities to enhance students' ability to think sequentially, creatively and critically
- **Sounds Interesting** give interesting and useful snippets of information
- **Help Box** provides cues to students to complete the activities successfully

GK Web support available for classes 1 to 8

- ✓ 100–120 Interactive activities per level
- ✓ Themes-sports, politics, history, entertainment, science, etc.
- ✓ 16 page quarterly newsletter
- ✓ MACVISTA available for download

Touchstone

Classes: 1 – 8

Touchstone, follows a comprehensive and pragmatic approach to enable our young adults to rise to higher levels of endeavour and achievement.

The core values dealt in the series revolve around health and hygiene; responsibility for self-development; responsibility towards one's work/duty; harmony and common brotherhood, social responsibility; love, care and compassion; protection of environment; critical and creative thinking; scientific temper, and appreciation for beauty and aesthetics.

- Each lesson begins with a thought-provoking quote by great personalities
- 'Points to ponder' lists a set of questions for reflection
- 'Read and Reflect' include interesting stories, anecdotes and poems based on the value
- 'Your workspace', 'Your skill space' at the end of each lesson to assess the internalisation of values

Garden of Life

Classes: 1 – 10

Education is complete and comprehensive only when academics with its knowledge embraces value education with its wisdom. Knowledge as 'information' must be guided by wisdom as 'transformation' to empower children to become architects of a beautiful world.

Garden of Life, a series on Value Education is designed and developed with this larger and all-embracing vision. Through this series, children, parents and teachers unite to create a happy, healthy and harmonious educational ambience. Thus empowered, schools and families create a firm foundation upon which is built a superstructure of a more prosperous, progressive and peaceful society, nation and world.

- **Warm-up** - activities and tasks for reorientation
- **Think** - Thought-provoking and introspective section
- **New stories** in the present context, to teach values as suggested by the NCERT
- Easy-to-understand language
- Activities and games related to the values taught in the lesson
- **Homework and Exercises** for self-evaluation on the values learned
- **My Value Wheel** - to recapitulate values learnt in the lesson
- In-built teacher's resource
- Interesting use of **cartoons** for values in classes 1 to 5
- **My Earth Songs** by Grammy Award Winning Composer, Ricky Kej
